1 Team Profile

Team X would like to propose "The Greatest Project Ever"! This will be a variant of Project N described on [the course website](#). Further details are described in Chapter 2.

Current plans are to host source code on Github and deployments on Heroku and/or Google App Engine. At this time, we are still finalizing the final host locations for our project.

We follow with the profiles of our project team members.

1.1 Jeff Adler

Qualifications

Strengths

Jeff is proficient with Java, C, C#, C++, Python, and Ruby.

1.2 Eric Cuiffo

Qualifications

Strengths

Eric is proficient with C++, Python, HTML/CSS, and jQuery. He is also familiar with Django and Android development.

1.3 Nick Palumbo

Qualifications

Strengths

Nick is proficient with Java.

1.4 Jeff Rabinowitz

Qualifications

Strengths

Jeff is proficient with C++, and is also familiar with Ruby, Python, C#, and HTML/CSS.

1.5 Val Red

Qualifications

Strengths

Val is proficient with HTML/CSS, PHP, and C++. He is also familiar with Ruby, Python, and Bash.

1.6 Dario Rethage

Qualifications

Strengths

Dario is proficient with Java, PHP, C, Objective C, and HTML/CSS.

1.7 Team Leader: Mr. X
